

HOUSE OF COMMONS
LONDON SW1A 0AA

September 2019.

Dear Constituent,

A Response to the Protect Children in Conflict Campaign

Thank you for contacting me about a new Protection of Civilians Strategy.

The Government is committed to ensuring the UK's approach benefits all civilians, including children.

The Government has been clear it welcomes recent research carried out by academics and NGO's in this field, and I know that it will consult with them and take that work into account as it undertakes its own review into its global strategy on the Protection of Civilians in Armed Conflict.

You are absolutely right, we must ensure that our approach is fit for the challenges of 21st century conflict and I have no doubt that the Government's review will ensure that this is the case.

I will continue to follow this issue closely.

Thank you again for taking the time to contact me.

Yours sincerely,
